

Credentials That Highlight and **Grow** Your Brand

Your recipients know and trust your brand. So, why not make sure it is front and center throughout their entire credentialing experience?

Our two branding packages enable you to have complete control over how your credentials are designed, displayed, and delivered.

Our Advanced Branding Package is perfect if you're looking to quickly highlight your brand on credential pages and emails. This package includes:

- ✓ A vanity URL for your credential page
- ✓ Your logo on the navigation bar and footer on the credential page.
- ✓ Customizable headers and footers on recipient emails.
- ✓ Fully branded credential wallet.

Our Premium White Labeling Package goes a step further and provides you with complete branding control to provide your recipients with a seamless credential experience that feels as if they never left your website.

This package includes **everything** in the Advanced Branding Package **PLUS...**

- ✓ A fully customizable navigation bar and footer on the credential page.
- ✓ Advanced page styling that features your brand's fonts, colors, icons, etc.
