

Digital Credentials that Drive Brand Growth & Visibility

Your credentials should always feel like a natural extension of your brand – across all platforms. This drives trust and gives your learners a seamless experience.

Accredible's Premium White Labeling provides you with unprecedented control to customize your *entire* digital credential journey!

Take your credential branding to the next level with:

Fully-Branded Credential Pages

Completely customize the header and footer of the credential page to match your site. That way when recipients view their credentials it will feel as though they're still on your website.

Custom Page Styling

Have specific design elements that are unique to your brand? No problem! Use custom CSS to match page elements to your brand guidelines, including custom fonts, colors, and sizes to replicate the exact look and feel of your existing website.

Trusted Brand Continuity

With Premium White Labeling you're able to clearly communicate to recipients that you control the certification and that the information they're receiving or viewing is coming directly from you – not a third party.
